Breslau

Address: Breslau.

Description: Born 20.11.1898 in Gilsenburg (East Prussia).

Since 1933 Professor of Pharmacology and Director of the Pharmacological Institute of the University of Breslau. Protestant.

Career: Asst. Professor of Pharmacology, Gießen - 1930

Professor of Pharmacology-Breslau- 1934.

Nothing known of political history. Received appointment of full Professor without ever having been Associate Professor. This appointment received shortly after Nazis came to power. Highly probable that he owes his appointment to political motives rather than to scientific accomplishments. At least he must have shown marked sympathy for the Nazi regime. However, since no further facts-particularly no later promotions - are known, final judgment regarding his political attitude must be reserved.
